

Májusi eső aranyat ér!

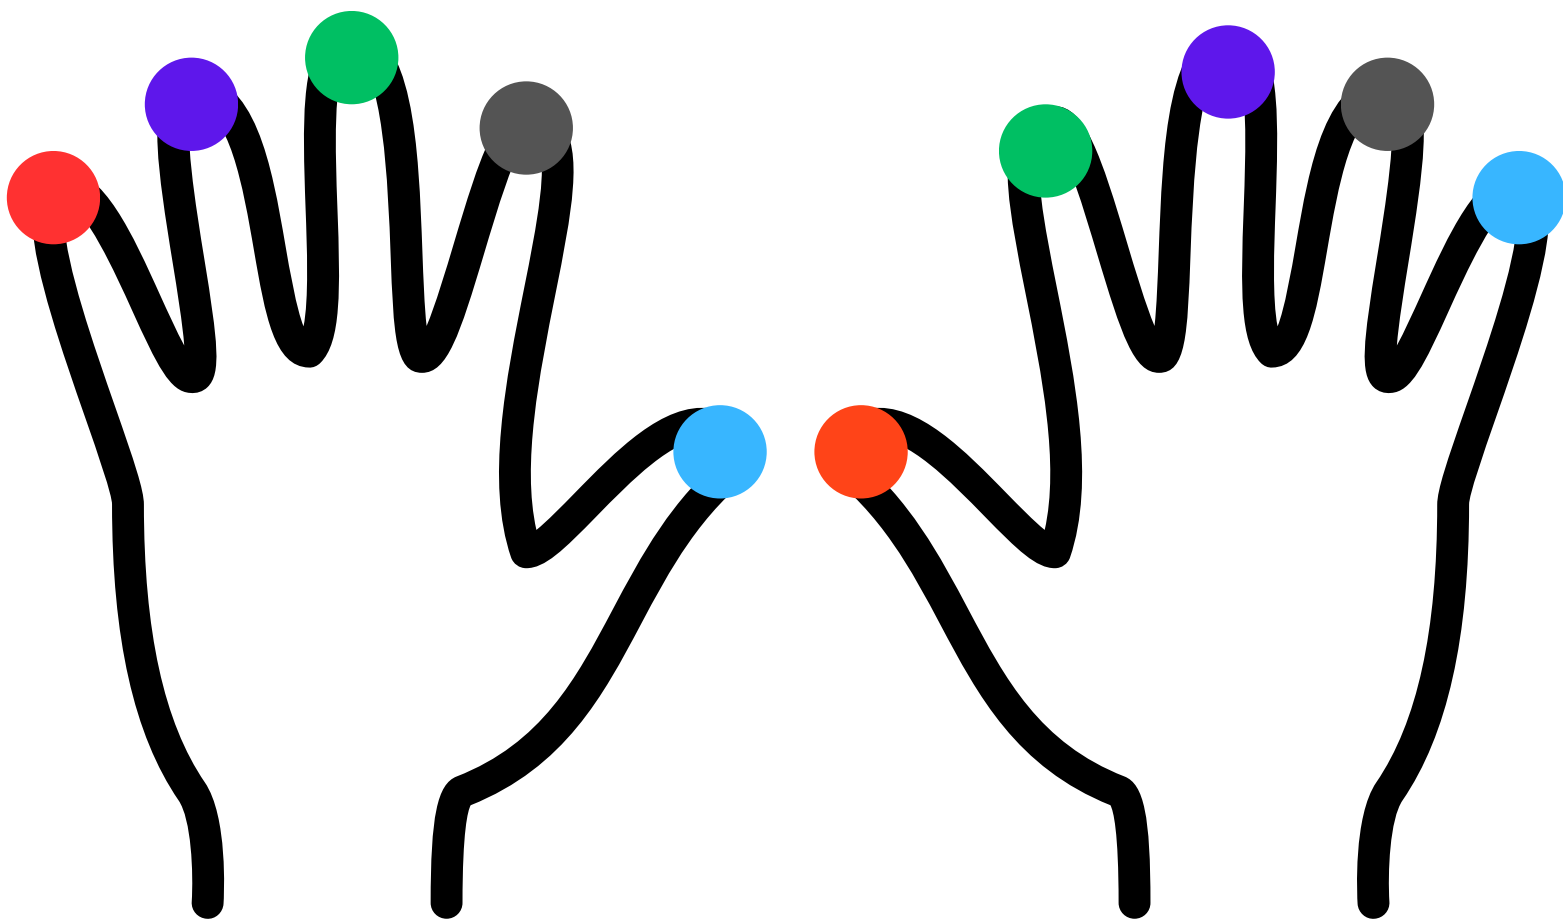

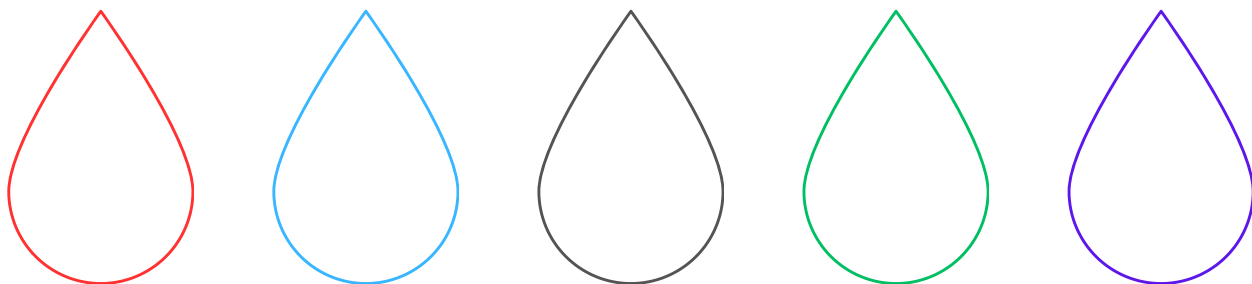

Dobj a dobókockával! Színezz annyi esőcseppet, ahányat dobtál a megfelelő színnel! Használhatsz ceruzát, temperát, marokfilcet! Tapsold is le, hányat dobtál!

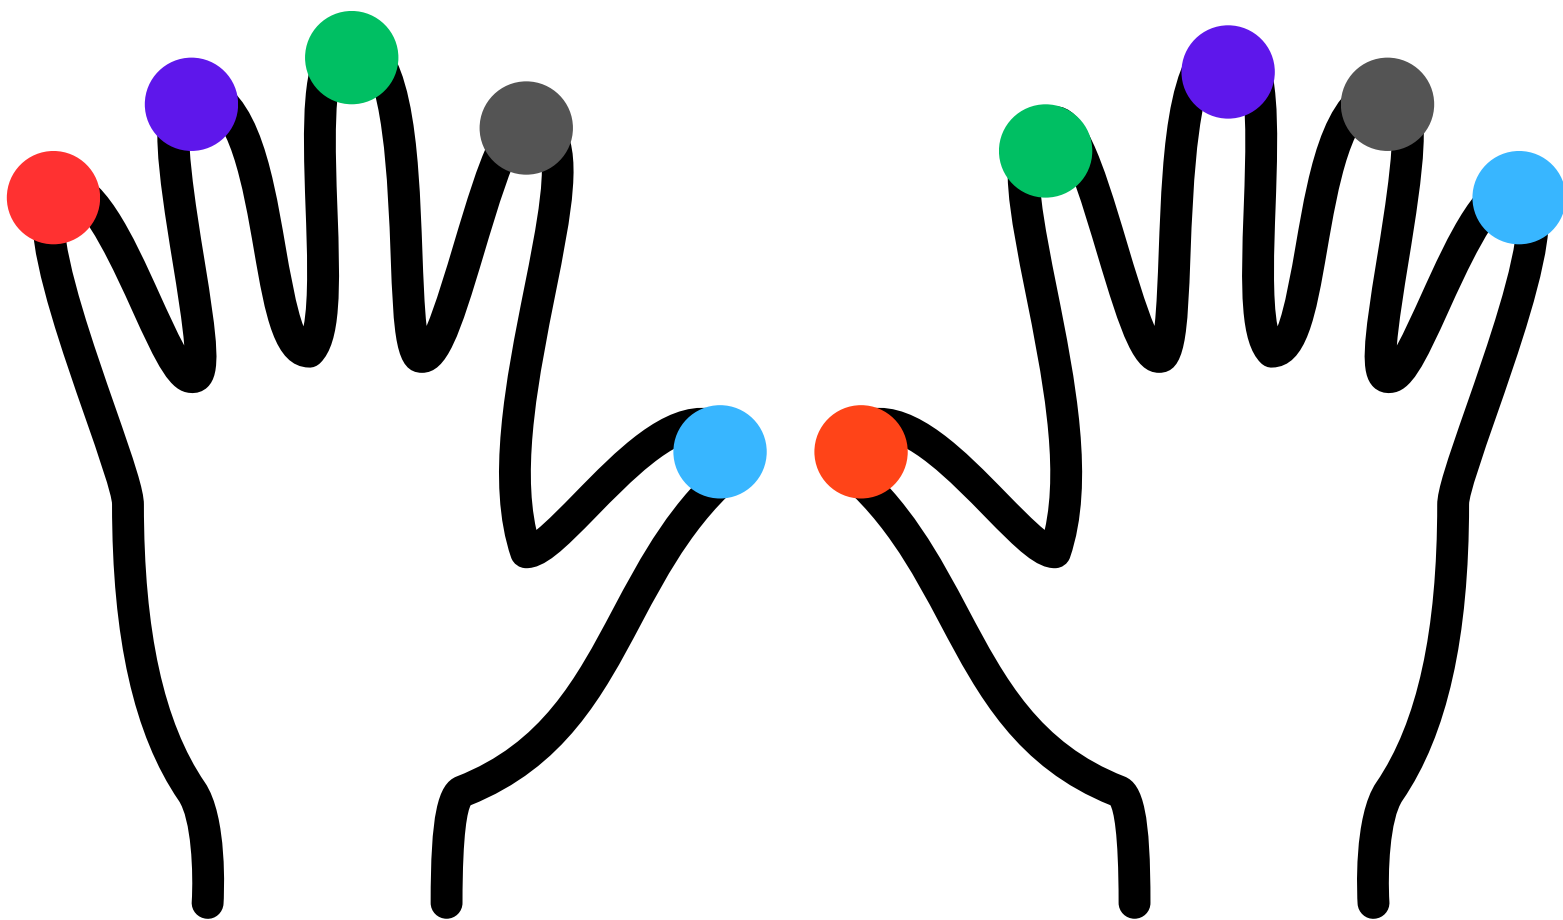

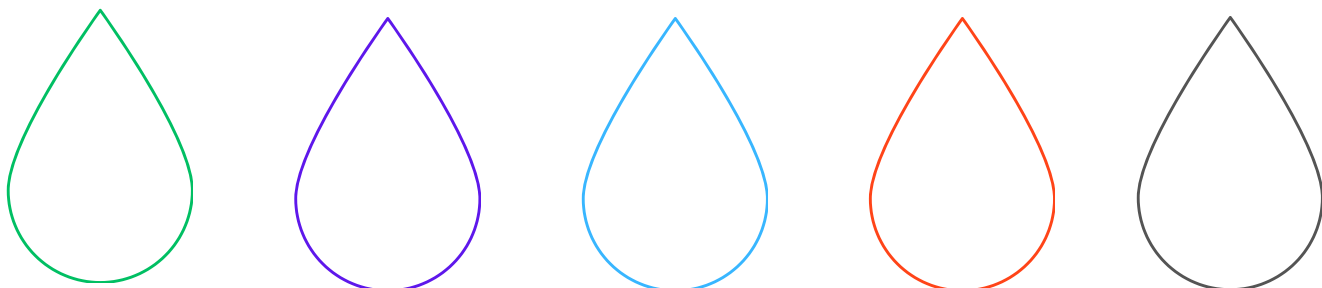

Fektesd a kezeidet az asztalra! Az esőcseppek sorrendjében emeld meg az ujjaid mindkét kezeden egyszerre!

Bal mutatóujjaddal a virágokon lépegetsz sorba, jobb mutatóujjaddal pedig az esőcseppeken a színeknek megfelelően!

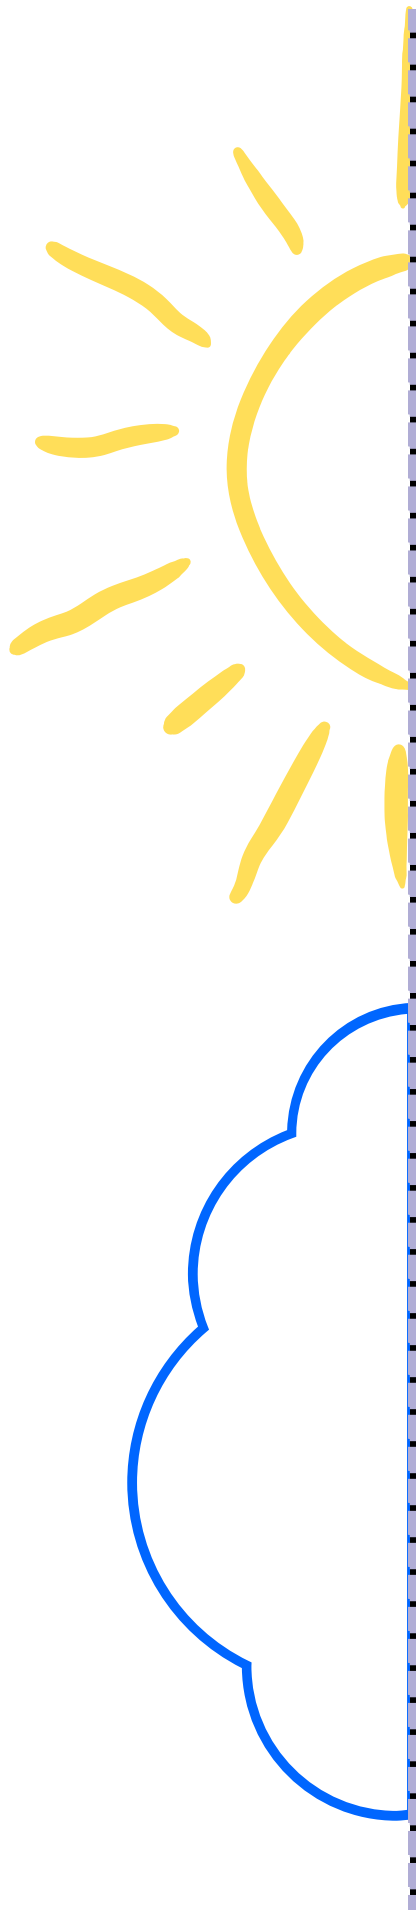

Számolj! Színezd ugyanolyan színűre az azonos számú pöttyöt tartalmazó felhőket és esőcseppeket! Ha ismered a számokat, színezd ki azokat is!

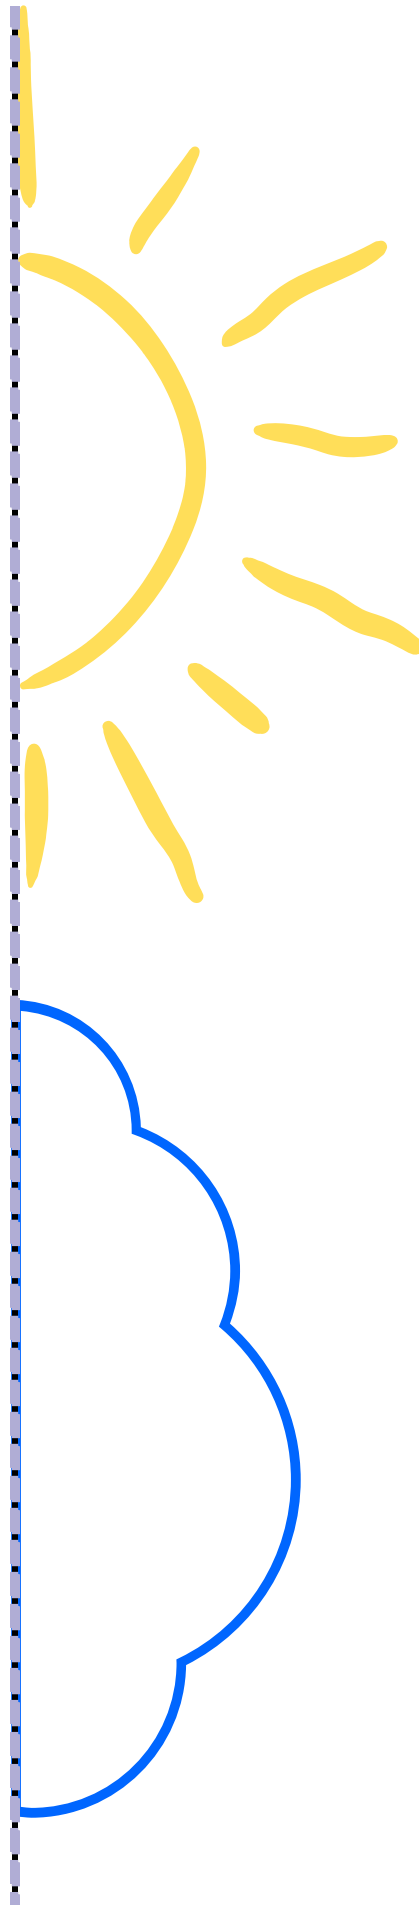

Szemeddel vagy bal mutatóujjadal lépkedj az esőcseppeken,
jobb kezeddal mutasd a színnek megfelelő jelet!

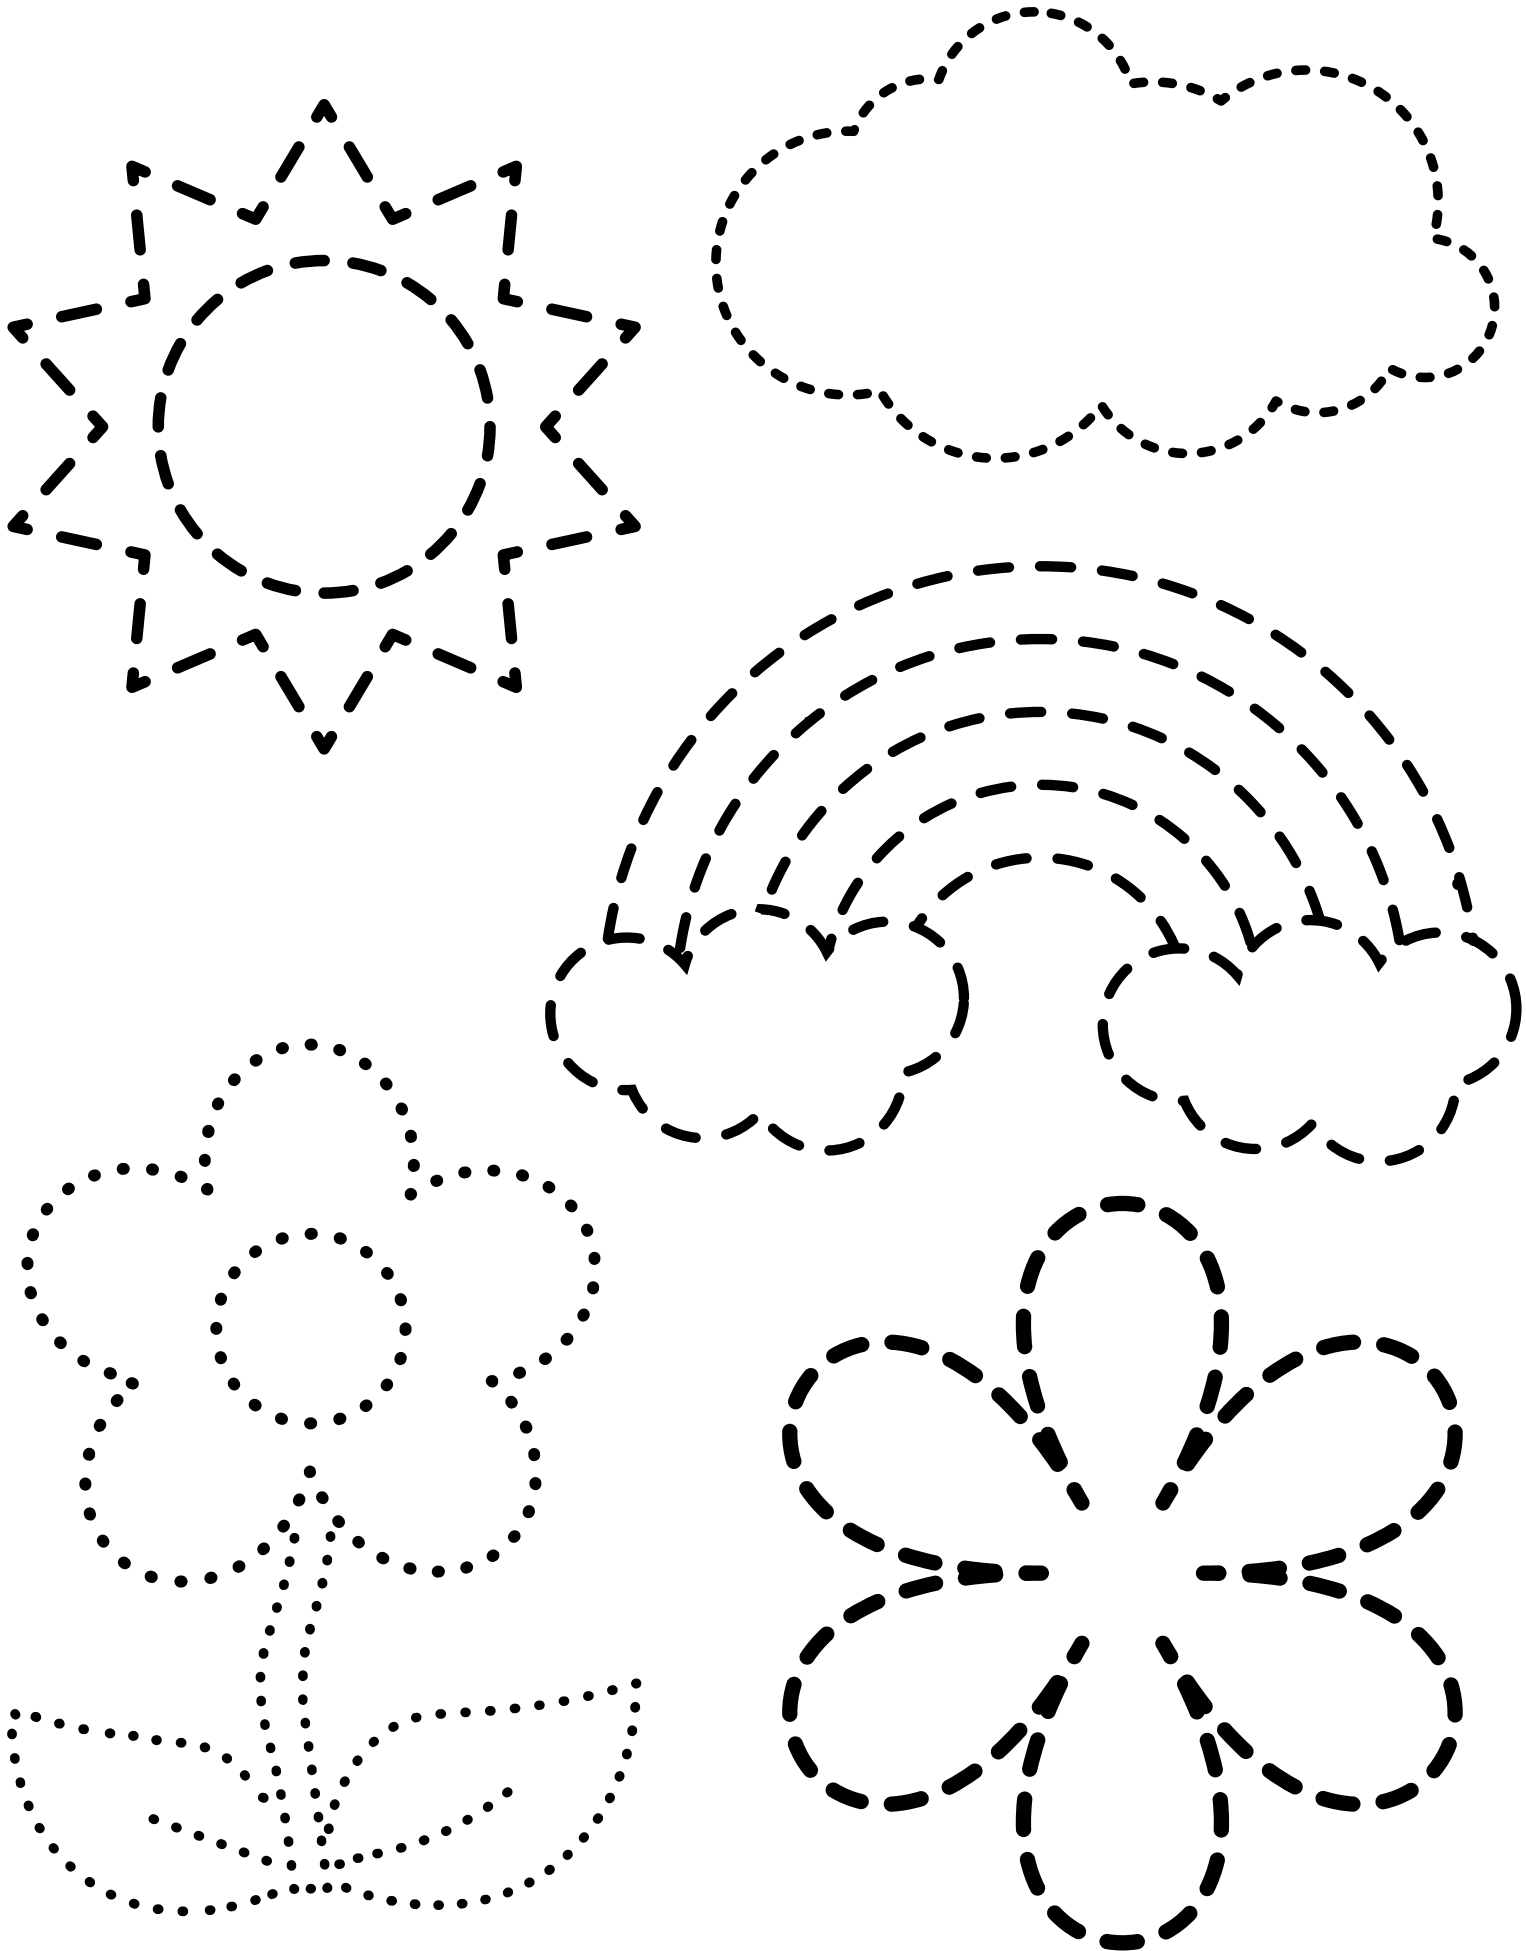

Rajzold meg a másik felét! (jobbkezes)

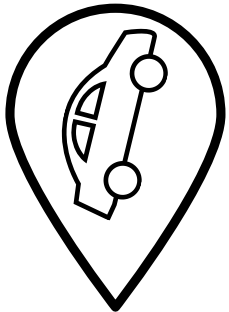

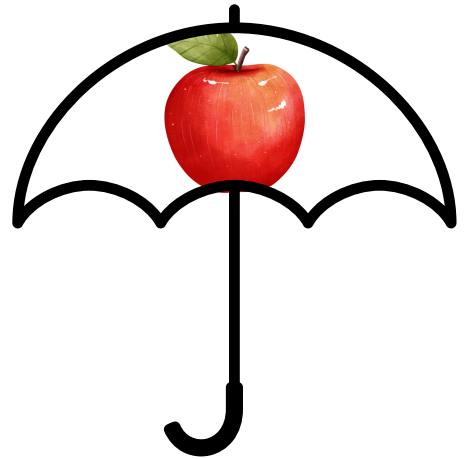

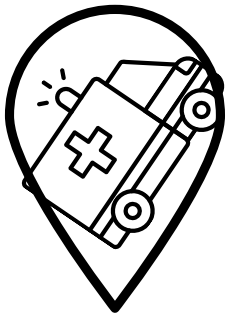

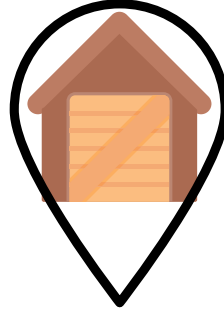

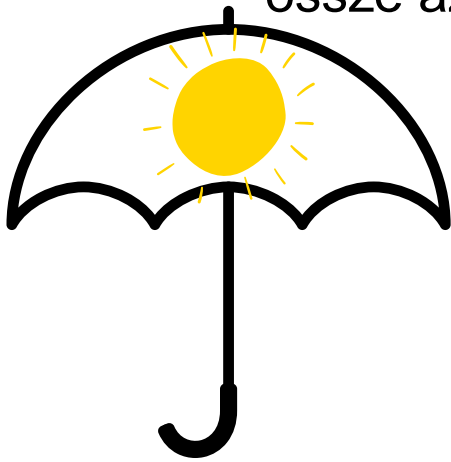

Rajzold meg a másik felét! (balkezes)

Rajzold át színessel!

Hallgasd meg, milyen hangot hallasz a szavak elején! Kösd össze az esernyőket az esőcseppekkel!
